Anti Stab

Rabintex offers a wide range of advanced anti-stab solutions, especially designed to protect the vest wearer against any possible threat, including knives, needles, ice picks etc. These are also available in combination with ballistic/bulletproof solutions, thus providing the end user with a tailor-made product manufactured according to specific requirements.

Ultimate Protection

Rabintex' Anti-Stab vests are made of a variety of advanced raw materials, including Aramid, Polyethylene, metal meshes and other modern fabrics, offering the highest levels of protection and complying with the strictest international standards, i.e. NIJ 0115.00, UK HOSDB, Germany Technische Richtlinie, CEN Standard, etc.

Ultimate Comfort

With a sharp focus on user comfort, Rabintex offers anatomically perfected designs to fit both men and women. Manufactured from modern and high-tech textile materials, our adjustable vests allow sweat absorption, air circulation, climate control and more.

Rabintex Industries Ltd.

Rabintex Industries Ltd. designs, manufactures and distributes innovative ballistic and blast protection equipment, as well as comprehensive engineering solutions for mobility and modification of tactical combat vehicles.

The company was founded in 1950, and is as of 1991 a public company traded on the Tel Aviv Stock Exchange (TASE: RABN). Headquartered in Herzelia, Israel, Rabintex has additional cutting edge manufacturing and R&D facilities both in the US and in Israel. Rabintex employs over 400 employees and is an approved supplier to leading defense and law enforcement forces in over 60 countries across the globe.
